The Holy-man, Godfather of Giza

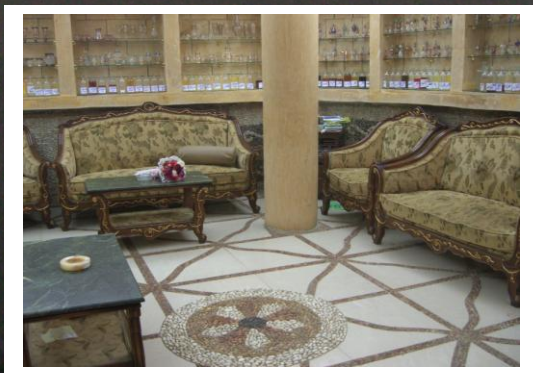

People come from all over the world to see the Holy-man Godfather of Giza for his healing abilities and his wise advice. His work helps you to become clear, remove anger, any blocks, negativity, jealousy and allows you to have a new life. He lives in the most powerful area in the whole planet directly in front of the Great pyramid (Kings Chamber) and uses one of the highest ancient techniques of the Egyptian teachings. When you are touched by him you receive the vibrations of blessings. The priests were highly connected to this energy which removes any thing in the body, emotionally, mentally and physically. It also unites all your bodies, physical, etheric, emotional, mental, causal, soul and heavenly.

Dr. Madalyn Kennedy, Divine Feminine Expert, at Giza Pyramids

Dr. Kennedy discovered her re-connection to Egypt and its powers which caused her life to change dramatically. She was cleansed through an ancient temple healing ritual (special option as listed below) and the messages from her higher (spirit) self became very clear and direct. She began to listen with her heart and was guided to share the power of Egypt and the Pure Egyptian Essences others. She was specifically asked by Isis and Amun-RA to introduce and explain the strong energy, vibrations, blessings and healing powers which have been placed on all the Beloved Essences. Isis states often that she is the "Guardian of the Essences" and as the Divine Feminine, she is with Madalyn to help her introduce them to everyone.

Dr. Kennedy is an ordained minister, Reiki Master/Teacher, an "I AM" Practitioner, multi-dimensional channel, medium, spiritual advisor, Law of Attraction and guidance director, author, energy vibrational artist, psychic, intuit and empath.
